

“Like cold waters to a thirsty soul, so is good news from a far country..” Proverbs 25:25

Last month we introduced new training tools to Chinese leaders in three cities. Pastor Jerry Morris from Semmes, Alabama joined our team to instruct in the area of discipleship. We presented three manuals of training materials to the workers who were very eager to receive such practical help. Each participant was provided with these materials in digital form to implement in their Churches.

These workers traveled from several cities and villages to participate. In addition to the seminar instruction there was plenty of personal ministry and spiritual interaction. Our days were full stopping only for lunch and short breaks.

Each time we conduct these conferences we are overtaken by the power and activity of the Spirit upon the workers. We have learned that these are unique and sacred times between God and His servants.

The manifestation of the gifts of the Spirit and prophetic words that come forth are like drinks of cool water for these Chinese warriors. These

gatherings are a major source of encouragement for them in their work.

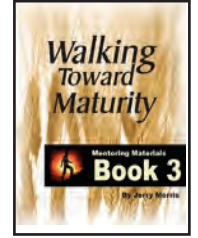

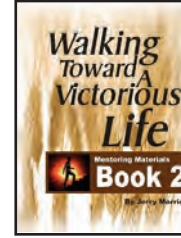

After many hours of worship, all day teaching sessions, lots of personal ministry, tears of repentance and shouts of joy, the leaders returned home refreshed and empowered.

谢谢

Translated, it means **“THANK YOU”**. We count this past mission as one of the most significant we have ever hosted. The pastors caught the vision of discipleship and were very grateful for the simple training materials we provided.

Due to the exponential effect of this program only eternity will know the number of Chinese that will ultimately be impacted. We will continue to tweak the translation of these workbooks and plant them in more provinces as soon as possible.

Our work this past month was a two pronged advance for the Kingdom; training during the day and ministry to the leaders in the evening. The partnership of the ministry gifts brought an added impact and anointing to the mission. I only wish these words and pictures could begin to communicate the amazing results.

Merry Christmas!

Isaiah prophesied concerning the coming of Christ declaring that He would ultimately assume the earthly throne of David and **“that there would be no end to the increase of His government.”**

Even before He returns, His rule is already advancing in our lives and in the lives of those we influence. **Each year, we see firsthand the progress of His kingdom in China.** In one particular province where we have ministered since 1999, we began with a small group of struggling believers. For over a decade we have sowed our time and resources into that work. We led the believers into the baptism in the Holy Spirit, poured in the teaching of the Word, supported workers and purchased needed equipment. Last month we stood amazed at what has grown and matured over time. **The church has multiplied and is now affecting thousands throughout the province!**

Susan and I thank you for the part you have played in the advance of His government. There's no greater cause! **We pray that you have a blessed Christmas and that your reward would be full from the Lord.**
