**We are especially grateful for those of you who give on a monthly basis.** You would need to be in the shoes of a missionary evangelist to fully appreciate having the provision of a solid base of support from which to operate. It gives us the liberty to take this gospel into any situation without regard to cost. **For not growing weary in your good work, you have our heartfelt thanks!**

### China

Last month, we received an victorious email from our team member and translator Brother Paul. We thought you might enjoy it.

On Christmas Eve, we rented a club to hold the Christmas party. Just after I started to preach, the police came and tried to stop us. But we did not stop.

Instead, we kept on singing praising to the Lord with dance. The whole congregation began to dance before the police. **There were over 500 people there.**

Then the police asked the club owner to turn off the lights and the musical instruments. But we still sang praise in the darkness. No one left. No one afraid. We sang until 10:00 p.m.

As we left the building the police were standing both sides, as if protecting us and keeping the order. **The Lord prepared a banquet for us in the midst of our enemy. What a night!**

**Reports like this sure encourage us to keep on keeping on!** May we all have such courage in doing what is right. God bless you for your continued prayer and support for our work.
