INDIA

After many years of bypassing invitations we have finally made a ministry investment in the nation of India. **We found the Indians to be just like people we have encountered in many other nations; hungry for God and in need of a move of God's Spirit.**

Working with Maranatha Faith Community, we engaged in a lot of different areas of ministry; crusades in the villages, pastor's gatherings, local church meetings, ministering to the orphans and my personal favorite, pouring into bible students.

Classes with bible students in three cities was time well spent! Lifeline took the opportunity to invest financially to improve the operation of these schools.

We found the students to be highly motivated academically but lacking a relationship with the Spirit. They were eager to hear the teaching about the Holy Spirit and receive prayer to be filled. **We left them hungry for more!**

Crusade meetings were held in three villages. The purpose of these outdoor meetings was to accelerate the growth of the church in these cities. It definitely gave the mosquitoes a gathering place as well.

Dear Lifeline friends,

As we traveled through India, we found life in the city to be much like it is elsewhere in the developing world. The major difference was the religious stronghold of Hinduism. The Hindus worship millions of gods and it is evident everywhere. Seeing Brahman cows (considered sacred) roaming the streets and people bowing down before the many shrines was a sad sight. **India's masses need the knowledge of the one true God and the saving grace of Jesus Christ!**

Lifeline International's main investment is in the nation of China, but investing and partnering with effective Indian ministries as we did this past month fulfills our mission statement; *"to promote the gospel of Jesus Christ around the world."*

Thank you for entrusting us to strategically sow finances into the advance of the gospel. This month, funds went to supply for bible training schools, ministries and missionaries that reach Hindus and Muslims in India and the United Kingdom.

For those who have never heard,

Bill and Susan
