Proclaiming Truth, Providing Help

DONE! 70 Satellite receiving systems are purchased and being safely delivered to the *** of the province of *****.**

We made a delivery to the grassland villages near the China - Mongolian border. It took hours to get there on very bumpy dusty dirt roads.

These systems will enable the house Churches in the far reaches of China to receive **Christian broadcasting from teachers such as Joyce Meyer, Derek Prince, Dr. Yonggi Cho and many other pastors.** Several programs being broadcast from Taiwan provide worship services, marriage and family classes, children's programming and even a cooking class!

It was an area that has received no rain for three years. The villages have no running water, no phones, cable or Internet

One Church using the satellite system is in a village of 50, 44 of them are now believers!

The 100 house Church network in this province is in need of 11,000 bibles. We have begun buying and shipping as many regular bibles as we safely can. By God's grace we hope to get 1,000 study bibles delivered by years end.

"We believe God is able to make all grace abound to us, so that in all things at all times, having all that we need, we will abound in every good work." 2 Cor. 9:8 (personalized).

An Inside Look

Jesus commanded us to preach the gospel baptizing those who repent and believe. But baptizing can be a problem in a large Chinese city where a public baptism can get you arrested. **But... where there is a tub there is a way.**

We spent an afternoon in a high-rise apartment dunking a long line of new believers. It's a tight fit, but you can still bury the "old man" in a Chinese tub.

Baptism is as big an event in China as it is in America. Many invite their unsaved relatives and friends to the event. **After the singing, testimonies and short teaching, others were ready to commit their lives to Christ.** So as the afternoon rolled along we found ourselves leading young people many to Jesus all over the house.

Itinerary

Sept 30	Coast Community Church Pensacola, FL
Sept 30 -Oct 2	Harvest Outreach Pensacola, FL

Looking Ahead

What's next? Probably clean the garage! Then maybe read a book or two. It has been the busiest summer of travel and ministry I can remember. The suitcases are filthy, my clothes are a size too big and holidays are right around the corner. **Our work in China continues but it's recuperation time for me.**

But it won't be too long and I will be chopping at the bit to hit the dusty trails again. **Requests are coming from several provinces for help.**

We have teaching to do in the cities, evangelism to do in the country and more satellite systems to place. Church networks are seeking more training so we are planning another trip to the southern provinces this winter.

We have also been feeling a pull to go to *** next summer.** We are working

with a network of Churches to establish Churches in that area. More satellite dishes will be in the plan. Until then, pray for laborers, help a laborer and be a laborer.

For those who have never heard,

Brother Bill
