*Proclaiming Truth, Providing Help*

Dear friends,

Our trip to Valencia, Venezuela was a very fruitful one. **We were surrounded by hungry young people from the time we landed at the airport till the day we left.** Compared to the action packed, energy filled two weeks of running with these young lions, life in Dublin Georgia seems to be in slow motion.

**The work of the Spirit in the meetings softened our hearts.** The young men and women

were broken in their surrender to the will of God. It was a sight that made my heart rejoice. I love this job!

Some were saved, some healed, more were filled with the Spirit but all of us had our hearts set on fire by the Spirit of God.

Observing God move upon young men who could not speak for weeping, and hearing His wisdom flow out of the mouth of babes were sights that moved me deeply.

**Did I mention I love this job???**

Our thanks also go to those who helped us supply bibles and other resources for the Church and their outreach in Valencia.

Thank you for your confidence in this work and for making it all possible.

Passing it on to the next generation,

*Brother Bill*

## Inner Mongolia

Helping the leaders purchase satellite receiving systems will be one of our tasks. These dishes enable the rural Churches to receive overseas teaching and training. So far nearly \$2,000 has been given for the project.

This trip will conclude one of the busiest summers of our ministry. Pray for us as we take this Gospel to one of the uttermost parts of the earth. **The spiritual need there is great and the outside help is extremely small.**

**A**s you receive this news, I am already traveling through Inner Mongolia with translator and trusted teammate Pastor Paul.

We purposely planned this trip to be unplanned! Sometimes we are too busy with meetings to meet; that is relate to the pastors on a personal mentoring level. **So rather than scheduling weeks of teaching morning to night, we determined to have our days open to go where the wind of God might take us.**

*When proclaiming the gospel in the grasslands of Inner Mongolia., we remember an old Chinese proverb, “**The mountain is high and the emperor is far away.**”*

*That means we have little problems with the restrictive government when we are this far out!*

My sense of adventure has really anticipated this kind of trip! **God has always directed our steps in dramatic fashion when we are on Chinese soil.**
