

**Water, it's the stuff of life!** New Tube wells are being drilled to meet the need for clean water in the Indian villages. The oceans, rivers and pools throughout the Philippines are being used to baptize the new believers into the Kingdom of God!! **The reports from our partners continue to pour in from their evangelism efforts.** The churches continue to grow with new converts and the young workers are zealous to win their peers to the Lord. Here is a letter of news and gratitude from one of the team leaders.

*Hello Lifeline International friends,*

*We want to thank you for being there for us with all your support and prayer. **Yesterday, we had our water baptism.** It was the fruit of our last month's evangelism. Some were not able to attend, but we thank God for the precious souls that have been converted. They are treasures for heaven. We are looking forward for an increase in the harvest as they share their testimonies to their family and friends. Glory to God!*

*Thank you for the funds you supply to us for outreach, bibles and ministry leadership. It has been a great help!*

*We are also excited about your next visit with a team to minister with us. Thank you so much for the powerful messages that Brother Bill shares with us each month. We are believing God for greater things and we thank you for inspiring and motivating us to move forward and fulfill God's call upon our lives.*

**Your partners in the Philippines**

Regular outreaches have been successful and souls are being saved throughout the Philippines. The country is now in a second locked down due to the Coved -19 virus, but **we are making plans to join our friends and partner ministries in September.** Our team will be conducting youth and leadership conferences as well as outreaches to the schools.

## Two more wells for India

**This month, tube wells were drilled for the villages of Kalavagattunagar and Z.Ragampeta.** These small communities are now enjoying access to clean water. These wells were provided by supporters of Lifeline International. Thank you. You have done a good deed that will effect the lives of many for many years to come.

Several nations are experiencing second waves of the Covid-19 virus and many restrictions are still in place. **CHINA** has virtually no cases, but has imposed restrictions for US visitors. Inbound passengers may be required to quarantine upon arrival and install location-tracking

software on their phones in order to access public spaces and businesses. **Austria** is not receiving US citizens at this time.

Regardless of these circumstances, we are pressing forward and have travel planned for the **Philippines, China and Brazil in 2021 and 2022.** Until then, we will continue to empower our ministry outposts in these nations. We are happy to hear their reports and shall join them soon.

## India Crisis

Regarding the virus pandemic, India had it's worst month in May with as many as 414,618 cases reported in just one day. Hundreds of thousands have lost their lives.

**Our ministry friends report that 350 pastors have died from the Covid -19 virus in their state alone.** One pastor had to bury 14 church members who died of Covid-19. He was also infected and is now recovering. They requested our prayer for the communities and assistance for the pastors who have no means to support themselves during this crisis.

We were very pleased to see several of our friends respond by giving donations to help. **These funds were sent to two locations that have been assisting over 100 of their pastors.** The widows and families of the pastors who died are also receiving help.

Other gifts this month, went to Ghana for the purchase of a generator for a children's home, crisis relief for children in Uganda and missionary support for workers in China, Philippines, and India.

**The apostle Paul commended the sacrificial giving of the believers in Macedonia writing:**

*"They begged us again and again for the gracious privilege of sharing in the gift for the Christians in Jerusalem. Though they have been going through much trouble and hard times, their wonderful joy and deep poverty have overflowed in rich generosity"*  
*II Corinthians 8:2 NLT.*

So also, we commend the friends of Lifeline International for their generosity to share their blessings with others in need.

Thank you,

*Brother Bill*
